29/11 2024

Interview to TASS
Context: Interfax-Ukraine's report with reporting presumptive arrows on Russia implement to now growing use of foreign experts to enhance Moscow's capabilities

> Vladimir Putin
> Washington may transfer nuclear weapons to Kyiv because it is the main beneficiary of the conflict in Ukraine

> Sergei Karaganov, Honorary Chairman of the Council on Foreign and Defense Policy
> The transfer of nuclear weapons to Kyiv would be a threat to Ukraine rather than a security tool, as it would only exacerbate the conflict with Russia. The West understands that Ukraine's nuclear weapons are irresponsible and it will provide a series of security and diplomatic crises.

26/11 2024

Telegram Channel
Context: Discussion on alleged possible transfer of nuclear weapons to Ukraine or its production by Ukraine.

> Dmitry Peskov, Russia's Security Council Deputy Chief
> The ideas of transfer of nuclear weapons to Ukraine could lead to catastrophic consequences for humanity.

25/11 2024

Statement
Context: Discussion on alleged possible transfer of nuclear weapons to Ukraine or its production by Ukraine.

> Vladimir Putin
> The deployment of the US intermediate-range missiles in Europe are potential targets for Russia in case of an armed conflict.

28/11 2024

Statement
Context: Interview on alleged discussion within NATO regarding presumptive arrows on Russia, and alleged Bill Bauer's Chief of the NATO Military Committee, Chairman of the Russian Defense.

> Andrey Lenko, Foreign Ministry
> Statements by NATO representatives supporting the idea of preventive strikes against Russia are irresponsible and are blatantly opportunistic.

> Vladimir Putin
> Russia will not allow the transfer to nuclear weapons by the Western powers to Ukraine, and Moscow reserves the right to use all means of destruction available to prevent it.

26/11 2024

Briefing
Context: Discussion on alleged possible transfer of nuclear weapons to Ukraine or its production by Ukraine.

> Dmitry Peskov, Putin's spokesperson
> The Kremlin considers proposals by some European and US officials to deploy nuclear weapons in Ukraine under Russia as a reactivation of extreme Russophobia and a direct threat to Russia.

23/11 2024

Telegram Channel
Context: Discussion on alleged possible transfer of nuclear weapons to Ukraine or its production by Ukraine. Discussion on Ukraine's use of Western long-range missiles to strike Russian territory.

> Dmitry Medvedev, Head of the Council of Federation, Russian Upper House of Parliament
> The decision to transfer military weapons to Ukraine will be the "best way" to drag western countries "into the nuclear underworld".

28/11 2024

Meeting of the Collective Security Treaty Organisation (CSTO)
Context: Discussion on the Russian-led alliance's stance with Ukraine.

> Vladimir Putin
> Everything in the epicentre of an explosion caused by Ukraine's ATACMS came to a "complete and total zero". The CSTO's Kyiv Peace Formula is based on the nuclear weapons. But there is no nuclear charge, hence no nuclear contamination.

28/11 2024

Interview to RIA Novosti
Context: Discussion on the Russian attack on Dnipro with Ukraine's IRBM.

> Vladimir Putin
> The West may give Ukraine the opportunity to obtain nuclear weapons. She stated, however, that Russia has no such facts.

27/11 2024

Briefing IAEA
Context: Discussion on alleged possible transfer of nuclear weapons to Ukraine or its production by Ukraine.
